PRIVATE correspondence. NOT OFFICIAL, was stolen from my office, two years ago, when I was Assistant Attorney General of the United States.

Many Republican newspapers have published portions of these stolen letters; some Republican newspapers have refused to publish one word of my statements on the subject.

In a speech at Waterbury, last Thursday night, I challenged the publication of any material which would unfit me to be a member of the United States Senate. THERE HAS BEEN NO SUCH PUBLICATION.

Although the stolen letters contain not one single word to such effect, the false statement has been published that I toured this country at the expense of the United States Government.

THIS I HAVE SPECIFICALLY AND CATE. GORICALLY DENIED, both in the press and from the platform. Yet, many Republican newspapers refuse to publish that denial.

Every penny charged against the Government by an Assistant Attorney General must, by law, appear in an itemized accounting and such accounting of all my official expense is published in Government Reports of 1920 and 1921. THIS GOVERNMENT REPORT SHOWS I EXPENDED A TOTAL OF \$479.02, during all the time I held office. NOT ONE PENNY WAS SPENT EXCEPT FOR GOVERNMENT BUSINESS.

During my term of office I handled \$120,000,000 of Government money. MY EXPENSES, CHARGED TO THE GOVERNMENT, AVERAGED \$1.13 PER DAY, a total of \$479.02, With every cent fully and officially accounted for.

CONNECTICUT VOTERS BELIEVE IN FAIR PLAY. With a spy in my office for nine months and the Republican State Committee officials in full possession of that spy's reports, I LEAVE TO YOUR JUDGMENT the absurdity of the slanderous charges and the justice and decency of that kind of politics.
